To all the participants of the TSRA State Match, a correction of my Score in the Men's Senior Category and Overall Ranking needs to be amended. After finishing a good run at the fort I went to my gun cart and started to put my guns away. Everyone was calling me back to the unloading table while I was setting my rifle in the cart, I quickly realized I bypassed the unloading table, proceeded to the unloading table and cleared my guns. While at my cart I released my rifle for a split second. At the time I didn't give it much thought and proceeded with the match.

While reviewing the Shooters Handbook and the RO Handbook for a separate incident, I realized I committed an unloading infraction while at my cart thereby earning a Stage DQ. For this I apologize and regret that a call was not made during the match and that those in my category didn't receive the recognition they deserved during the banquet.

Therefore your TSRA Men's Senior Champion is Thunder Hawk, Second place - Dodge City Mike, Third Place - Mickey Blackwater, and fourth place Manchaca Kid. My overall placement drops from 3rd to 31st. I will personally see that the Buckles are given to their rightful owners.

Sincere apologies,

Manchaca Kid
